

Corrugated Plate Mounting & Proofing

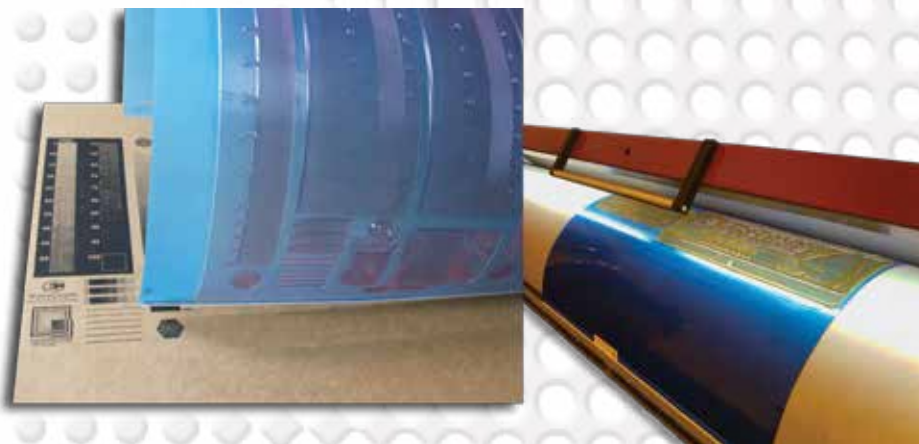

Excelsior Marking's Harley Mounter / Proofer adds better service to corrugated printers!

With more than 100 years of marking experience, Excelsior is your "go to" source for all your corrugated plate mounting and proofing needs. Our Opti-Chek system will allow us to provide corrugated and folding carton printers our highest quality digital sheet photopolymer plates mounted, registered and ready to hang on press. With the 66" repeat by 115" web width and our plate stretch computer, no job is too large or too small.

Opti-Chek Mounting & Proofing System from E.L. Harley

You can supply us with art in just about any format or we can duplicate from a sample box to start the process. Creative services also available from our veteran staff of designers.

Certified to ISO 9001
